## VORTEX SIZING CHART

The following instructions and chart are to be used as a guide for estimating your Vortex Basketball uniform size

## SINGLETS

## MEASUREMENTS FOR SINGLET

## STEP 1.

Lay a comfortable fit singlet or Tshirt (one that would feel good to play basketball in) on a flat surface and smooth it out. (Do not take measurements off the body - measuring off a top is much more accurate).

## STEP 2.

Measure the flat length (measurement A) of the singlet/ T shirt by measuring from the top of the shoulder to the bottom of the hem, as per diagram.
STEP 3.
Measure the flat width (measurement B) of the singlet / T short by measuring across the chest from one side seam to the other at about 5 cm below the arm hole, as per diagram. STEP 4.
Cross reference the A \& B measurements to the chart below to find the most likely size match

## SHORTS

## SHORTS

- Shorts sizes generally match up to singlet sizes
- Shorts can be ordered in different size to the singlet
- Shorts are a baggy basketball cut

## LENGTH OF SHORTS

- As many players prefer a longer-style short, our shorts can be ordered in:
- REGULAR (shorter) length, normally falling a little above the knee
- LONG ( 5 cm longer) leg length, normally falling a little below the knee (Note -if you would like more than 5 cm added as extra length, let us know) While the overall actual length (waist to hem) measurement may vary up to 2 cm depending on the fit and style of your custom made uniforms, the following guideline may assist your leg length decision.
